

Name of space: Catalyst Studio

Location: Main Library (1st floor)

Map location: Navy Blue # 1

Description:

A collaborative space and community where you can use our equipment to create innovative projects, including 3D printing, sewing and embroidery, laser cutting, and more. UA students have \$50 in credit to use towards any charges incurred in the space. This credit lasts the length of your degree program as it is designed to lower the barrier of entry to learning how to operate the equipment in our space.
